Lennon is an LA based actor, comic and host. A real life Fairy Princess and horror movie aficionado, her dark sense of humor and bubbly personality collide in her stand up comedy. From dog instagram humor to her sister's untimely death by cancer, Lennon loves themed joke sets and using her real life stories to tell narrative comedy. Lennon was a featured comic with Cool Beans Comedy at the Edinburgh Fringe Festival with their show *Comedy with a Twist*, and opened for Susan Rice in Kent Washington for a local cancer charity benefit last Fall. She performs all over Los Angeles and hosts her own show at the Blue Goose Lounge in Hollywood featuring local comics, the *Silly Goose Comedy Hour*. Recently she guest-starred on *IN HOUSE* a new vertical workplace comedy, as well as onstage live with Chico's Angels at the Cavern Club Theater in Silverlake. You can see Lennon as Pamela Voorhees in the *Never Hike Alone* sequels on YouTube, as well as in the twisted holiday comedy, *Gnome Sick: 7 Slays Til Mithrus* on Tubi, Amazon Prime, & VOD!
